How to Configure the Wishlist Feature

WooCommerce · https://gloriathemes.com/docs/ustone/woocommerce/how-to-configure-the-wishlist-feature/

The Wishlist feature allows users to save products for later and access them easily from the header or dedicated pages.

Wishlist page

Enable Wishlist in Header

To display the Wishlist icon in the header, go to:

Appearance → Customize → Header → Header General

- **Wishlist** – Enable this option to show the Wishlist icon.

Then configure its header settings from:

Appearance → Customize → Header → Wishlist

- **Wishlist Style** – Classic, Icon, Text
- **Wishlist Count** – Show or hide item count

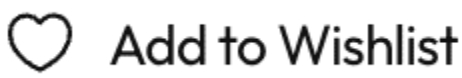
Wishlist General Settings

You can manage the main Wishlist functionality from:

Appearance → Customize → WooCommerce → Wishlist

- **Guests Can Add Items** – Allow or restrict guest users
- **Wishlist Page** – Select the page where you placed the **[gromark_wishlist]** shortcode
- **Notification Type**:
  - Type 1 – Bottom Corner
  - Type 2 – Popup
- **Show Thumbnail**
- **Show Product Name**
- **Show Price**
- **Show Added Date**
- **Show Stock Status**
- **Show Add to Cart**
- **Show Remove**

Add Wishlist to Product Page



To display the Wishlist button on single product pages, go to:

Appearance → Customize → WooCommerce → Action Buttons

Inside the **Action Buttons** field, you can enable:

- Wishlist
- Compare
- Size Guide
- Contact

Select **Wishlist** to display it on product pages.

Add Wishlist to Product Listings

To display the Wishlist button on product listing (shop) pages, go to:

Appearance → Customize → WooCommerce → Product Box

- **Wishlist Button** – Enable this option to show it in product cards.

Tip: Enabling Wishlist across header, product pages, and listings improves user engagement and encourages return visits.
