How to Get MailChimp Form ID

Miscellaneous · https://gloriathemes.com/docs/gromark/miscellaneous/how-to-get-mailchimp-form-id/

Step 1 - Navigate to the MC4WP > Form (MailChimp Plugin) from the WordPress dashboard.

Step 2 - Open the form whose ID you want to get. If you are using the free version, the form will open directly.

Step 3 - You will see the form ID at the top of the page. You can also see it on the page URL.
